As we believe that personal success is multi-faceted and that each child should have the opportunity to develop their individual strengths, there will be rewards in all areas of school life. These rewards provide a positive focus and something to continually aspire towards. Adults and children alike should be regularly praised for positive behaviours such as kindness, respect, tolerance, resilience, co-operation, friendliness, work

Good and positive behaviour will be regularly recognised in the following ways.

Individual rewards

- verbal praise and written praise for good work;
- academic merits for both effort and achievement, which are celebrated both in the classroom and the schools assemblies;

Parents will be encouraged to attend the termly assemblies and general AZBUKA Club events and will be told in advance if their child will be performing or receiving a special mention. Positive contributions to the school will be acknowledged and celebrated in these. The children's achievements, both in and out of school, will be recognised across all areas including academics, languages, sports, creative arts, community commitment etc. One child from each year group will receive *AZBUKA Star of The Week Certificate* every Friday in a celebration assembly.

5. Managing Misbehaviour

If children do not adhere to AZBUKA School expectations, we will work with them to ensure that they reflect on and modify their behaviour appropriately. Sanctions for continued misbehaviour will be restorative, meaning that they will be purposeful and appropriate to the infringement. Teachers will adopt a restorative justice approach in dealing with incidents between children. Restorative approaches enable those who have been harmed to convey the impact of the harm to those responsible, and for those responsible to acknowledge this impact and take steps to put it right. The discussion ends with a resolution that all parties suggest and agree to. All teachers will be trained in this approach.

We have a range of disciplinary measures which include:

- a verbal reprimand from a member of School staff;
- Pastoral care meeting with the child's teacher or Designated member of staff or SLT and Head teacher; pastoral care meetings with the group of children (if required)
- Running extra P4C sessions that will include topics and discussion related to specific act of misbehaviour in school
- Setting extra writing projects to reflect on the misbehaviour, the reasons for it and the ways to improve
- Losing minutes from the Special Time
- Incident reports and/or letters to parents (which are always worded to be as constructive as possible);
- additional school work or repeating unsatisfactory work until it meets the required standard;
- Meetings with the children and parent/s to prepare and implement a special Behaviour improvement plan
- regular reporting, scheduled behaviour checks; or being identified for daily or weekly behaviour monitoring; being identified for a special individual behaviour improvement plan with the ongoing monitoring and review.

- The teacher is responsible in the first instance for dealing with minor infringements, such as lateness, casual rudeness or disruption in class or school, and late or poorly completed work or home work. He/she may impose any of the sanctions above such as the setting of additional work or the pupil may be required to re-do unsatisfactory work. Repetition of this behaviour will be reported to the Heads of Curriculum (Russian or English sections), Deputy Head and discussed at the weekly staff meetings with the plan of further actions and disciplinary measures agreed.
- More serious misdemeanours (including misbehaviour during school trips or outings) are reported to the SLT, Deputy Head and Head teacher and may lead to withdrawal of privileges/awards for a designated period, usually up to a week and more strict disciplinary measures implemented.

If the misbehaviour persists, exclusion may be necessary. Please see Exclusions Policy.

EYFS

The Golden Expectations:

EYFS practitioners will use the 'Stay on the Sun' behaviour strategy, which will encourage children to present positive behaviour and help young children to understand that they always want to stay on The Golden Sun.

If children present negative behaviour, EYFS practitioners will take the following steps:

- Remind the children of the rules of the classroom/outside areas using PECs
- Ask the child to come and play alongside others (with adult to model how to play etc)
- In the Nursery, children will have some time to reflect with their key worker. In Reception children will have time to reflect on a *thinking chair* (duration - 4 years old=4 minutes)
- Child will go off "The Sun"
- The key worker/class teacher will speak to parents
- If the situation has not been resolved the key worker/class teacher and the EYFS lead will have a meeting with the parents and draw up an action plan, which will include behaviour strategies (record minutes of meeting).

Strategies when children hit, kick, pinch, bite or scratch:

- Establish and teach clear group rules, eg: "We are nice to one another"
- Lead small group activities focused around gentle hands, feet, etc.
- Model to children how to play in different situations and model language of sharing (pretend to be a child)
- Regular reinforcement of positive behaviours (praise, attention, circle time, stickers etc)
- Ensure that there are real consequences in place, for example, if we kick, we sit quietly for a short time away from other children

- Try distracting and diverting the child - intervene early. (If you watch him/her dealing with a difficult situation, voice out positively how well he/she is going to share the toys)
- Provide activities where children can express their feelings (puppets, emotions cards, circle time, quiet time, sensory box, chime time)

Strategies when children refuse to follow instructions:

- Giving plenty of warning of change- sand timers or visual timetables etc.
- Using when... then; when you finish then you...
- Shortening the length of time of the activity
- Change the activity or social grouping
- Making sure that the activity is appropriate to them
- Giving lots of positive attention when child participates in adult- led tasks

Strategies for Tantrums

- Diversion/ distraction- if the tantrum can be spotted early
- Swapping with another adult- a fresh approach
- Ignore the tantrum until it is over and the child has calmed down
- Keep reassuring them: "It is ok"
- Provide a special place where the child can go and calm down or a special toy to hold and cuddle
- Teach the child words they can use to express their feelings and encourage them to use them
- Get another child to come and play with them
- Physical intervention should only be used when there is a risk of damage to the child, other children or property

ANTI-BULLYING

1 Definition of Bullying

Deliberate hurting behavior, repeated over a period of time, where it is difficult for those being bullied to defend themselves. Bullying is anti-social behavior and results in pain and distress to everyone;

Bullying can be:

Emotional > being unfriendly, excluded, tormenting (e.g. hiding books, threatening gestures)

Physical > pushing, kicking, hitting, punching or any use of violence

Racist > racial taunts, gestures

Sexual > unwanted physical contact or sexually abusive comments

Verbal > name calling, sarcasm, spreading rumors, teasing

2 Ethos

We aim to provide a caring, friendly and safe environment for all our children. Bullying of any kind is unacceptable and will not be tolerated in our nursery. In the nursery we will discuss bullying, what it is and what can be done. The nursery has “Golden Rules of behavior”, which are written and agreed by the children and staff.

3 Responding to Bullying

Bullying hurts. No one deserves to be a victim of bullying. Everybody has the right to be treated with respect. Children who are bullying need to learn different ways of behaving. If bullying occurs, all parents and children should know that the incident will be taken seriously and will be dealt with, promptly and effectively.

If *anyone* who thinks that bullying is happening is expected to tell staff.

4 Signs and Symptoms

A child may indicate by signs or behavior that he or she is being bullied. Adults should be aware of the possible signs and investigate if a child:

If I have concerns about a child’s behavior, which are not being resolved, I will ask for permission from the parents to seek other childcare professional advice.

Concerns about a particular child are kept confidential and only shared with people who need to know this information.

ANY VIOLENT OR DANGEROUS BEHAVIOUR WILL NOT BE TOLERATED AND A MEMBER OF SENIOR MANAGEMENT WILL BE INFORMED AND INTERVENE IMMEDIATELY. PARENTS/CARERS WILL BE CALLED IN AND A STUDENT MAY BE SUSPENDED. SERIOUS OR REPEATED ACTIONS OF MISBEHAVIOUR MAY RESULT IN EXCLUSION.

The use of Restrictive Physical Intervention Policy

Policy

This policy has been written in the context of the ‘United Nations Rights on the Child’

It is based on the presumptions that every child and adult is entitled to:

- : Respect for his or her private life
- : The right not be subjected to inhuman or degrading treatment
- : The right not to be discriminated against

There may be times when I have the right to use reasonable force to control or restrain a child/children in certain circumstances. Where ever possible restrictive physical intervention will be used in a sensitive way that respects cultural and religious differences.

It is reasonable to use force when

- : A child is causing personal injury to themselves or someone else
- : A child is causing damage to property

Procedure

: The restrictive physical intervention will only be used in the best interests of the child.

: The decisions to use intervention will be based on an assessment of risk

: We will only apply a reasonable amount of force to avert injury or damage and apply it for the shortest period of time, this will be proportionate to the behaviour of the child to be controlled and the nature of the harm they may cause.

Examples of physical intervention that may be used are:

- a) Taking reasonable measures to hold a child to prevent him or her from hitting someone.
- b) Accompanying a child to another room where they can be alone for a few minutes whilst being monitored and supported.

Incident book & Keeping records

The use of planned or unplanned restrictive physical intervention will be recorded immediately after the incident by the person/s involved.

The written record will include the initials of the child/children/staff involved

The reason why physical intervention was used (rather than another strategy)

The type of intervention used

The date and duration of the intervention

Whether the child or adult/s experienced any injuries or distress/ and if they did what action was taken.

If the child is old enough the views of the child will be recorded as well

The incident records will be reviewed every 3mths

Parental partnership

Parents' will be notified the day of the incident and asked to sign the incident book.
