- Reasonable Adjustments for Disabled Pupils (2012) (Equality and Human Rights Commission) (Updated September 2020)

AZBUKA Russian-English bilingual school is a selective and academic bilingual school that values every individual and celebrates the diversity of our community. It is a very small charitable organisation with restricted both human and physical resources for SEND and disabled children.

We will make reasonable adjustments for disabled children and young people, and those with Special Educational Needs. In AZBUKA everyone is committed to providing the conditions and opportunities to enable any child with SEND to be included fully in all aspects of school life, so they can access AZBUKA curriculum, make progress and benefit from it.

We will strive to create responsible citizens who are independent and confident lifelong learners equipped to meet the challenges of a changing future.

We will not directly or indirectly discriminate against, harass or victimise disabled children or children with Special Educational Needs.

When organising additional support, it is very important that we provide children with special educational needs and disabilities (SEND) a broad and balanced curriculum with regular access to all subjects and areas of learning. We believe that children with SEND should not be routinely segregated from their class teachers and peers but included as much as possible within their class.

We believe we provide high quality teaching in small classes that is differentiated and personalised and that meets the needs of children and young people. We have high ambitions, set challenging targets, and track the progress of all pupils.

We believe teachers are responsible for children's learning and that teaching assistants will be used effectively to provide the necessary support for children with SEND within the classroom.

The significant needs across the school are:

- Communication – including speech and language difficulties
- Cognition and Learning – including dyslexia, dyspraxia and dyscalculia
- Social, Emotional and Mental Health
- Specific Medical Conditions Some children will require support for a short period of time, others will require support throughout their whole time at AZBUKA School.

We are aware that depending upon their age and understanding we must discuss with pupils with SEND any decision that might affect them.

We are aware that current statistics clearly show that children with SEN or with a disability have a significantly high risk of being verbally abused or physically assaulted on either a daily or weekly basis by other children as they appear to be an easy target.

We work hard to create and maintain a school environment of positivity where all children are taught to embrace and value difference.

We all have a responsibility to ensure equality permeates into all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual

orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We will work in collaboration with education, health and social care services and seek advice and support from the following external UK/British specialists if a pupil continues to make less than expected progress:

- educational psychologists
- mental health services
- hearing impairment
- vision impairment
- multi-sensory impairment
- speech and language therapists
- occupational therapists
- physiotherapists

In some cases and when the government/other funding is not available, it may not be possible for the school to provide support within the bounds of 'reasonable adjustments'. In such cases, the parents will be asked to meet the costs of the external assessments/tests or additional resources or support required for the child.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Aims

- To have due regard to the Special Educational Needs and Disability Code of Practice.
- To identify pupils with special educational needs and disabilities as early as possible and that their needs are met.
- To have in place systems whereby all teachers are aware of such pupils.
- To provide all our children with a broad and balanced curriculum that is differentiated to the needs and ability of the individual.
- To have high ambitions and expectations for pupils with special educational needs and disabilities.
- To be sympathetic to each child's needs by providing a strong partnership between children, parents, governors, and outside agencies.
- To ensure all pupils make effective progress and realise their full potential.
- To ensure all pupils take a full and active part in school life.
- To create and maintain a school environment of positivity where all children are taught to embrace and value difference.

Responsibility for the Policy and Procedure

Identification, Assessment and Provision

- When a new student comes, we monitor the child in order to conduct a baseline assessment. This usually takes half or a whole term. Every teacher in this school is responsible for identifying pupils with special educational needs.
- We inform parents at the earliest opportunity of the school's concerns and work in partnership with them to establish the support the child needs.
- Class teacher/key worker informs SENCo who registers child's special needs and implement IEP together with class teacher/key worker and inform parents.
- We review progress, with appropriate parental involvement.
- When initial concerns are still in place, SENCo consults the headteacher that specialist support is immediately needed and, at the same time, revised IEP is implemented together with SENCo teacher and parents.
- We advised parents to seek specialist assessment as soon as possible or refer the child to a specialist with parental consent.
- We work closely with external agencies and apply for EHCP if needed.
- We always keep all records accurately and up to date.

Identification. Assessment and Provision will be based on:

- Information provided by the parents on admission
- Information provided by the previous school attended by the child
- Observations and assessments of the class teacher, SENCO and learning support teaching assistant
- Assessments and test results
- Parents observations
- Reports and tests/assessments by external specialists and agencies

- attend and take part in annual reviews;
- help and assist in organizing external assessments, tests and visits of the specialists;

- help and assist to organize extra support for the child with special educational needs;
- consider requesting an Education, Health and Care needs assessment.

Role and Rights of Pupils

We encourage pupils with special educational needs to understand their rights and to take part in assessing their needs, setting learning targets and the annual review.

Raising Awareness of this Policy

We will raise awareness of this policy via:

- the School Prospectus/open days
- the school website
- meetings with parents such as introductory, transition, parent-teacher consultations and periodic curriculum workshops
- school events
- meetings with school personnel
- communications with home such as newsletters
- reports such annual report to parents and Headteacher reports to the Governing Body
- information area for parents
- receive periodic training so that they are kept up to date with new information
- receive equal opportunities training on induction in order to improve their understanding of the Equality Act 2010 and its implications

Awareness training will be provided by the SENCO and by support teachers on specific topics and concerns.

Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.

Monitoring the Implementation and Effectiveness of the Policy

The practical application of this policy will be reviewed annually or when the need arises by the coordinator, the Headteacher and the Foundation Committee.

A statement of the policy's effectiveness and the necessary recommendations for improvement will be presented to the Governing Body for further discussion and endorsement.
