We are aware that the Management of Health and Safety at Work Regulations 2012 requires employers to manage health and safety and to make 'safe management' a fundamental part of their business.

Under the Regulations we are required to introduce health and safety arrangements, health surveillance and procedures, provide information to our employees, appoint competent persons to enforce and promote health and safety, train the workforce and to make assessments of the risks to the health and safety of school personnel, pupils and visitors.

We believe it is essential that risks to the health and safety of our pupils, staff, buildings, school grounds, visitors and school events must be controlled through regular risk assessments as we wish to provide a safe, secure and healthy school environment.

We recognise our responsibilities under the Health and Safety at Work Act 1974 and will take all reasonably practicable steps to provide and maintain safe and healthy working conditions, equipment and systems of work for all our pupils, school personnel and visitors to the school.

We acknowledge that Risk Assessment is an exercise that we have to undertake to determine whether or not we comply with Health and Safety Law. Regulation 3 of the Management of Health and Safety at Work Regulations clearly states that 'Every employer shall make a suitable and sufficient assessment of the risks to the health and safety of his employees to which they are exposed whilst at work and the risks to the health and safety of persons not in his employment...'.

We realise that by introducing systematic Risk Assessments we can not only determine where we do not comply with Legislation, but in the event of a serious accident or perhaps prosecution by the Health and Safety Executive (HSE) the Risk Assessment can be used as evidence for defense. We are aware that the HSE will prosecute for not carrying out Risk Assessments.

We acknowledge that although risk cannot be eliminated we strive to provide a safe, secure and healthy working and learning environment for pupils, school personnel and visitors as we believe everyone connected with the school has the right to be protected as far as is reasonably practicable.

Therefore, we see the process of risk management as a means of controlling all the activities of the school such as systems, jobs, tasks, people, equipment, etc. in order to reduce the possibility of accidents.

We agree with the Health and Safety Executive that 'risk management is about taking practical steps to protect people from real harm and suffering' and by 'taking a sensible approach to risk management.'

We must ensure pupils, school personnel and visitors are properly protected and 'that those who create risks manage them responsibly and understand that failure to manage significant risks responsibly is likely to lead to robust action.'

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We all have a responsibility to ensure equality permeates in to all aspects of school life and that everyone is treated equally irrespective of age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. We want everyone connected with this school to feel safe, secure, valued and of equal worth.

We acknowledge the findings of the Race Disparity Audit that clearly shows how people of different ethnicities are treated across the public services of health, education, employment and the criminal justice system.

The educational section of the audit that covers: differences by region; attainment and economic disadvantage; exclusions and abuse; and destinations, has a significant importance for the strategic planning of this school.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
